Two views of LLP license transfers (includes transfers of LLP licenses endorsed for one or more Gulf of Alaska groundfish fisheries) that occurred between Jan 00 and Jul 03.

Table #1: Assumes that vessel history transferred if the Transfer Agreement did not state that vessel history was not included.

MLOA of LLP License	Total Transfers	Transfers that Include History	Percent that Include History
>/= 125 feet	25	25	100.0%
60 - 124 feet	40	40	100.0%
< 60 feet	70	68	97.1%
Total	135	133	98.5%

Notes to Table:

- Identified "Transfers" include only those transfers in which the LLP license changed hands; it does not include transfers from one vessel to another, transfers resulting from administrative adjustments, or transfers resulting from legal action in which the fishing history is not specifically identified as part of the transaction;
- **A sales contract that did not specifically include the transfer of fishing history with the license was nevertheless assumed to <u>include</u> it;**
- Transfers resulting from settlement of Estates was assumed to include fishing history;
- A license transferred because of a change in the structure or name of the business entity holding it was assumed to include the history;
- A license transferred by divorce decree was assumed not to include the history, unless the decree stated otherwise.

Table #2: Assumes that history did not transfer unless the Transfer Agreement specifically stated that vessel history was included.

MLOA of LLP License	Total Transfers	Transfers that Include History	Percent that Include History
>/= 125 feet	25	24	96.0%
60 - 124 feet	40	32	80.0%
< 60 feet	70	34	48.5%
Total	135	90	66.6%
