Notes:

- The "ratio" displays the number of units of QS that yield one pound of 2002 IFQ.
- QS Pools include small amounts of QS in "Reserve" (QS that is yet to be issued) and QS that is "Restricted" (QS that has been issued, but which does not yield IFQ to its holder).
- IFQ TACs do not include pounds that have been set aside for the CDQ program.
- Halibut weights are displayed in net pounds, sablefish weights in round pounds.
